VeritasAI PDF Verification Test

A simple factual document designed to test the VeritasAI PDF Audit workflow.

Test Claim

Water boils at 100°C at standard atmospheric pressure.

Supporting Information

At standard atmospheric pressure, commonly represented as 1 atmosphere (atm), the boiling point of pure water is approximately 100°C.

Verification Target

Field	Value
Claim type	Factual statement
Topic	Water boiling point
Expected assessment	Supported
Purpose	PDF extraction and evidence verification test

Note: This PDF is intentionally short so the extracted text can be treated as a clear verification target during the prototype demo.
